Killing the Calves

All sorts of excuses are offered for the high price of beef, the most plausible being the alleged demand for veal—"the killing of calves which should be allowed to grow into regular beef." You cannot have beef if you eat it as "veal," but you can have Shredded Wheat Biscuit which contains more real nutriment than beef and costs much less. Shredded wheat biscuit is the whole wheat steam-cooked, shredded and baked. Make it your "meat" for ten days and see how much better you feel. Wholesome and strengthening for any meal with milk or cream or in combination with fruits. Made at Niagara Falls, N. Y.

Audra Booth was released from custody and Wednesday morning secured bond for his father-in-law.

After placing Richardson in jail Deputy Wolfe secured a search warrant and accompanied by J. Walter Bee, deputy prohibition commissioner, and Constable R. J. Bartlett, visited the Booth home in Glen Elk where forty or fifty pint bottles of liquor were found.

The warrants for both Booth and Richardson were sworn out in Magistrate W. E. Starcher's court and Booth will be given a trial or hearing at 9 o'clock Saturday morning. Richardson's trial has not been set.
